Interest Meeting

Our joint interest meeting with FTC teams 310 and 479 was on 10/3 and 10/4 in the cafeteria of our school. Many people with interest in all three of our departments showed up and filled out the form to join our team. We're excited to spread the values of FIRST and STEM to new people, and will be beginning Newbie Education in November.

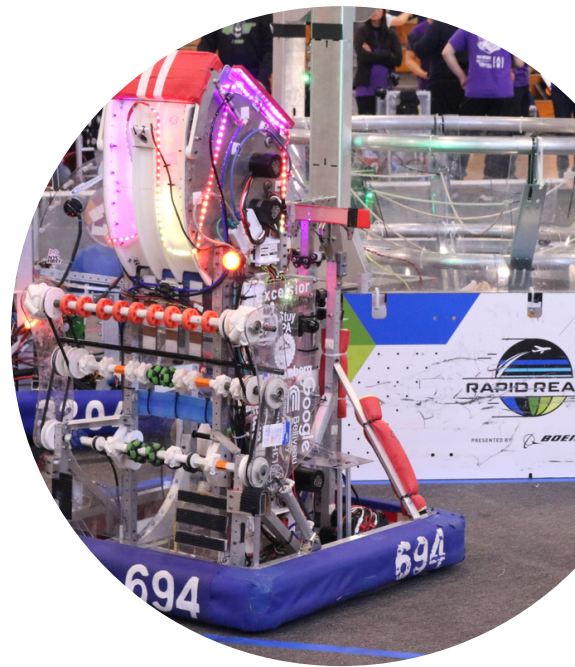

Duel on the Delaware

**We had lots of fun during this one-day offseason!
Our alliance with Team 2536 and 5420 ended up
winning the competition; then, our very own lead
coach, Mr. Blay, won the Duelmaster award for
his dedication to *FIRST* and our team!**

RoboReplay

Thanks to our amazing alliance with Team 533 and 3419, we also won RoboReplay, an offseason held at John Dewey High School! We truly had a blast; our new members learned a lot, and as always, our drivers gained more experience.

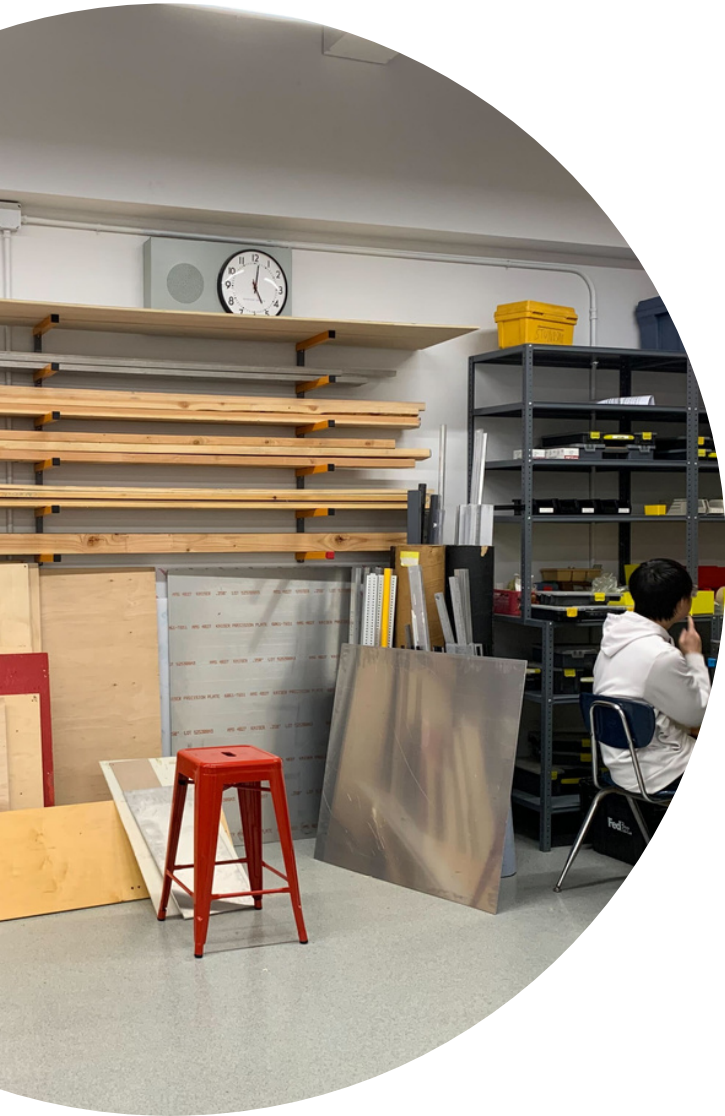

Alumni Demo

While the team was participating in RoboReplay, some of our members stayed at Stuyvesant and brought out Alfred, an old robot from 2019. We showed the alumni who were visiting what it could do, as well as our team's overall history and accomplishments this season!

Lab Finished!

We've fully moved all of our materials into the new lab! There are still renovations to be made and we plan on using the move as an opportunity to establish better organizational systems.

Events

Upcoming

**Brunswick Eruption -
Nov 12th**

**Official Lab Opening -
Dec 8th**

Stuy Splash - Dec 10th
